Statement of Work for Kari's Law Reconfiguration Effort

Work Location:

Multiple Sites (see below)

Statement of Work:

The Contractor shall:

- reconfigure the existing dial plans of the Denver Host and Research Triangle Park Host Systems at the locations designated by a “no” in the 911 and 9911 columns in the table below to allow for dialing of 911 or 9911 to access the Public Safety Answering Point (PSAP);
- reconfigure the existing dial plans of the Denver Host and Research Triangle Park Host Systems at the locations designated by a “yes” in the 911 Recording column in the table below by removing the recording from the call path;
- and reconfiguring the existing crisis alert database to allow for crisis alert notifications at a site or within a region or directorate. (The example is Region 1, where database needs to be configured to allow for site notifications or for Chelmsford, in this case to alert the Crisis Alert station in Boston.) (The ORD, OAR, CID, and NEIC sites will be treated as a standalone sites.)

The Contractor shall also include the maintenance and support for the term of the managed service as defined under this SOW in Section VII, Requirements for the Las Vegas ORD location.

Testing after configuration changes have been made shall be provided by Converge One to test for the correct completed configuration changes and correct system operation of this life/safety feature application. Testing is covered in the Statement of Work as defined in the EVS SOW in Section VII, Requirements.
